PUBLIC INPUT

William Gonzales spoke on behalf of the Acequias and asked the Governing body to consider the withdrawal of litigation pertaining to the remand and stated that the Acequias were still willing and able and waiting for the opportunity to discuss with the City how they could share water and bring an end to, in his opinion, "senseless" litigation. He stated that he hoped the matter could be resolved due to it continuing for many years, with millions of dollars going to litigation and the 1200 acre feet water storage, instead of where it was desperately needed in the community.

Ray Gallegos spoke briefly on issues of the 1835 Priority and how it would lead to the extinction of the Acequias and stated that what was being spent to pay Storrie Project, Bradner could be repaired at a fraction of the cost and added there was no need to lease or borrow money. Mr. Gallegos stated that he could not understand the obsession of the City government sending water and money to private individuals at Storrie Project, with no reasonable expectation of a return. He advised that he was convinced that this was not about water but about money, with decisions that had been made and felt it was a gross misrepresentation of funds and that they would continue their efforts against the 1835 Priority.

Pamela G. Daves stated that she did not see the Charter contracts or the resignation/vacancy of City Manager as she had heard he was resigning. Ms. Daves advised that these issues needed to be addressed by the end of the year on the agenda and added that she was very unhappy with the agenda and that it should be amended in order to comply with the City Charter by the end of the year.

Gabe Estrada spoke regarding the water issues and stated that he had hoped they would have been resolved by now and advised that these legalities had been going on for 68 years with no result but great cost to the City. Mr. Estrada added that he had been involved for many years in the efforts of resolving the water issues and in getting an agreement and that there was much legal talk although nothing had been accomplished. He hoped that this Council would not pass this water issue to the next Council and added that it was important to divide the water.

Wilbert Ryan advised that he had personnel concerns regarding the four positions of City Manager, City Attorney, City Clerk and Chief of Police which would expire at the end of the year. He stated that these positions were extremely important to the Mayor, Council and to the City and felt that they should be handled in a proper legal manner. Mr. Ryan spoke of the importance of documentation of performance appraisals and that it is an important part for future employment.

Georgina Ortega stated that she wanted to encourage the Council to adopt the amendment regarding the water for gardening and spoke of concerns regarding the need of watering food gardens and that it was vital especially on the West side of town. Mrs. Ortega advised that she supported the members of the Acequias who spoke of concerns in coming to an agreement after so many years and we should all consider how we use water.

Bruce McAllister spoke on issues of the water agreements and how both dams could have already been repaired with what had been spent to pay attorneys. He stated that it should be about working together with our neighbors and working for solutions for everyone. Mr. McAllister stated that there were many issues and added that we were not doing a good job on managing the City.

Meredith Britt spoke briefly regarding the contract renewals for City Manager, Chief of Police, City Attorney and City Clerk and added that they needed to be on the agenda to be voted on for renewal in order to have a functioning government. Ms. Britt advised there had been a great deal of turnover within the City and that it needed some consistency and that the contracts should be renewed by the end of the year. Ms. Britt stated that City Councilors drank bottled water and wanted to know if there was something wrong with City water.

Mayor Gurulé-Girón stated for the record “we understand the process of the contracts and the Charter which had been raised here this evening, we will be addressing those issues and we still have until the 31st, the City has not dropped the ball and I just don’t know why there’s such huge concern, there are impending issues that need to be addressed before those contracts are addressed, I cannot say anymore at this point and time, we are very familiar with the personnel rules”.

Alex Aragon advised that he requested for the Governing body to cancel plans for the Las Vegas Night at the Legislature and added that he felt there was no value to the taxpayers to the citizens of Las Vegas after the last year’s event. He informed after gathering information regarding funding for the event, came to the

conclusion that the funding used could have been spent on needs of the City. Mr. Aragon spoke of several concerns regarding the street lights in Las Vegas not working and advised that the citizens pay for those lights. Mr. Aragon stated that it was unfair to limit people to 3 minutes for Public Input and felt that it was unfair when an individual was given more time to speak and disrespected three Council members in public at the November 14th Council meeting. He stated that Mayor Gurulé-Girón disrespected the three Council members by not using the gavel to rule this individual "out of order" and asked Council to consider giving the public 5 minutes to speak under Public Input.

Mayor Gurulé-Girón addressed Mr. Aragon regarding Legislative Night and that the City did not spend any money from the budget and that money was raised for the event and informed that this year's goal was promoting to assisting students with scholarships and advised that the lights were being addressed with D.O.T. Mayor Gurulé-Girón advised Mr. Aragon that he had insulted her in the past and was allowed to do that and felt that it was unprofessional for Mr. Aragon to attack her again today and was disrespectful.

Brief discussion took place between Mayor Gurulé-Girón and Alex Aragon regarding his concerns.

CITY MANAGER'S REPORT

Mayor Gurulé-Girón advised City Manager Trujillo to address the Council and the public due to them having concerns and stated to Ms. Daves that the reason the City Manager's contract had not been addressed was out of respect to City Manager not wanting it placed on the agenda as his last day was December 29th and would address the Council and the public.

City Manager Trujillo advised that he took a lot of offense when people would say that nothing had been done for the City and added that he would support his Directors and their staff and praised them for their efforts in moving the City forward. He spoke of some accomplishment and several events that had recently taken place in the City.

City Manager Trujillo informed that he had been working for 42 years and that it was time for him to retire and that the City was in good hands with our top-notch Directors and criticized the negative talk from community members. He stated that he was confident that the water issues would soon be resolved.

REVIEWED AND APPROVED

AS TO LEGAL SUFFICIENCY ONLY

Corinna Laszlo-Henry, City Attorney

Mayor Gurulé-Girón asked for roll call. Roll Call Vote was taken and reflected the following:

Barbara A. Casey	Yes	Vincent Howell	Yes
David A. Ulibarri, Jr.	Yes	David L. Romero	Yes

City Clerk Fresquez re-read the motion and advised that the motion carried.

Matt Martinez, Jr. took the opportunity to speak in regards to the South Grand project and stated that he hoped that business owners in that area would be remembered by New Mexico Department of Transportation, explaining that access to their businesses was vital.

7. Approval/Disapproval to award RFP #2018-10 for Emergency Services to Superior Ambulance and enter into negotiations.

Fire Chief Billy Montoya advised that the City of Las Vegas Fire Department went out for Request for proposals and Superior Ambulance was the sole bidder for the proposal.

Councilor Howell spoke of concerns from Dalbey Street residents regarding complaints of speeding first response vehicles (without lights on) going through that street and asked why those issues had not been resolved.

Fire Chief Billy Montoya advised that that was unacceptable and that an Oversight committee for ambulances and fire would be established and that they would meet on a quarterly basis to address issues which hopefully would alleviate the concerns of the residents.

Councilor Casey had a question regarding the amount regarding last year's contract which was \$175,000.00 and the current amount of \$200,000.00.

Fire Chief Montoya explained that negotiations were made with Superior Ambulance for the contract amount of \$175,000.00.

Councilor Casey advised there was a concern from a constituent regarding no availability of ambulance service when needed.

Fire Chief Montoya stated that that was one of their concerns as well and stated that Superior Ambulance had two separate contracts with the County and the City although were currently sharing ambulances with the County. Fire Chief Montoya advised that this RFP would include for the City to have three ambulances that would solely service the City of Las Vegas and would not compromise the 911 service.

Councilor Casey asked what the timeline would be to complete the RFP process.

Fire Chief Montoya explained the process and stated that hopefully it would be completed by mid January and brought back to Council for approval.

Councilor Ulibarri, Jr. asked if they had talked to any other ambulance companies.

Fire Chief Montoya advised that right now Superior Ambulance was the only company that had the license to operate in Las Vegas and informed the only other company with that license was out of Albuquerque, which did not put in for the bid.

Councilor Romero asked the reason for the delay on the contract.

Fire Chief Montoya explained the reason for delay was due to trying to collaborate with the County.

City Attorney Laszlo-Henry explained that she had already reviewed the preliminary draft of the contract and stated there were some terms to the contract that continue to be negotiated and added that if the Council would approve, it would be an approval to enter into a contract rather than negotiations.

Mayor Gurulé-Girón stated that the request was for approval or disapproval to go into negotiations and not to enter into a contract and agreed with the Council of bringing the contract back for approval with actions specified that would be taken.

Councilor Howell recommended that there be a penalty clause included as part of the contract for ambulances going through the area of Dalbey Street without emergency lights as a safety issue.

Councilor Ulibarri, Jr. suggested to negotiate that Superior Ambulance relocate.

Councilor Casey made a motion to approve to award RFP #2018-10 for Emergency Services to Superior Ambulance and enter into negotiations. Councilor Ulibarri, Jr. seconded the motion. Mayor Gurulé-Girón asked for roll call. Roll Call Vote was taken and reflected the following:

Vincent Howell	Yes	Barbara A. Casey	Yes
David A. Ulibarri, Jr.	Yes	David L. Romero	Yes

City Clerk Fresquez re-read the motion and advised that the motion carried.

COUNCILOR'S REPORTS

Councilor Romero had a concern regarding a water leak at 421 New Mexico Avenue not being repaired since last week.

Councilor Casey thanked Public Works Department for the street repair happening and stated that the Electric Light Parade was a success and had a question regarding the float parked at Plaza Park with advertising for a construction company and felt it was not appropriate and asked if other businesses would be able to get free advertising at the park as well. Councilor Casey reported the light

on 4th Street across the golf course not working properly, making it difficult to see at night.

Councilor Casey stated that when she learned that the contract renewals for people that the Mayor appoints, was not on the agenda, she contacted our City Attorney to discuss and was advised by City Attorney Laszlo-Henry that it would be better to talk to the City's alternate attorney due to conflict of interest being that her contract was up for renewal.

Councilor Casey informed that the City had a contract with an alternate attorney and pays them \$200.00 an hour to provide services when there is a conflict of interest or any other issue that our City Attorney could not deal with. Councilor Casey advised that she called the alternate attorney and left a message for a call back and informed that the alternate attorney's sister called her back stating that the attorney would not talk to her because she had been ordered by the Mayor not to talk to her under any circumstances. Councilor Casey stated that this brought to light the question, "are we using taxpayer dollars to pay for a private attorney for our Mayor"? Councilor Casey stated that if that was the case, and that alternate attorney was only going to be doing work for the Mayor, then she thought that that was unethical and wrong.

Councilor Casey advised that the City Manager had spoken about transparency and thought that the City had done many good things, although stated that there was a great deal of lack of communication and that they had been hearing rumors for over a month about City Manager Trujillo leaving. Councilor Casey advised that no one ever bothered to inform the Council and stated that the contracts for renewal which were City Manager, City Attorney, Chief of Police and City Clerk were to be reviewed and either approved or disapproved for renewal now in December and that it was her understanding that the Mayor refused to put the contract renewal on the agenda for this month's meeting.

Councilor Casey stated that she understood that the City Manager retired and that this position was now open and being that the Mayor had not informed the Council about the City Manager's retirement and his intentions to leave the City's employment, one can only surmise that the Mayor was keeping important information from the Council members. Councilor Casey added that perhaps the Mayor was intending to appoint an Interim City Manager, and that she had heard she had already done that without Council's approval or informing them. She stated that the Mayor needed to be reminded that if she did this without the

approval of City Council, she was violating the provisions of the City Charter which states in Article 5 Section 5.01D *"the Mayor shall appoint subject to Council approval, an acting City Manager for any absence exceeding 30 days"*. Councilor Casey advised that since they were not taking any action on this position tonight, can we surmise that the Mayor had already appointed someone to this position as Interim City Manager without the consent of the City Council, if this is so, then the Mayor was blatantly violating the provisions set forth in the City Charter. Councilor Casey stated that she did not know the reason the Mayor had refused to do what was the normal course of action to keep the City functioning properly, without the renewal of contracts of the Chief of Police, City Attorney and the City Clerk, the Mayor was placing the City in legal jeopardy. Councilor Casey stated, "as many of you know these positions are vital to the day to day efficient functioning of the City of Las Vegas, without these key people in their positions what is to happen to the City, who will take over leadership at the Police Department, what will happen when the legal issues that our City Attorney has been dealing with in an expeditious and efficient manner, what will happen to those, who will get all the necessary pre-election and election work done for the March Municipal Election, who will do all the work afterwards reporting to the County Clerk and the Secretary of State, does the Mayor think that just anyone can take these vital positions simply because of her whims or her desire to be in total control, Mayor Tonita Gurulé-Girón has blatantly violated the City Charter, exposed the City to lawsuits, exhibited unprofessional behavior, and has created a hostile work environment". Councilor Casey stated "if Mayor Tonita Gurulé-Girón does not take corrective action to carry out the duties of the Mayor as a functional member of this Governing Body of this City Council, I ask that Mayor Tonita Gurulé-Girón resign from office".

Councilor Casey made a motion to censure the Mayor for her lack of professional ethics, by circumventing the process of appointing an Interim City Manager, reappointing Police Chief, City Clerk and City Attorney. She clarified the definition of censure as: *"a formal public group condemnation of an individual whose actions run counter to the group's acceptable standards for individual behavior"*. Councilor Howell seconded the motion. Mayor Gurulé-Girón asked for roll call. Roll Call Vote was taken and reflected the following:

David L. Romero	Yes	Barbara A. Casey	Yes
Vincent Howell	Yes	David A. Ulibarri, Jr.	No

City Clerk Fresquez re-read the motion and advised that the motion carried.

Mayor Gurulé-Girón addressed Councilor Casey and advised that the accusations made by Councilor Casey were unfortunate and stated that Councilor Casey and City Attorney Laszlo-Henry were working together on her contract.

Councilor Casey stated that that was not true.

Mayor Gurulé-Girón responded that she had it on paper and claimed that City Attorney Laszlo-Henry conducted herself in an unprofessional manner by attacking her via e-mail to the City's other attorney.

Mayor Gurulé-Girón advised that in regards to the contracts, the City had two impending retirements, one retirement in which they were waiting for an order to allow this individual to enter into a contract. Mayor Gurulé-Girón stated that Councilor Casey should have been notified of the impending retirements by City Attorney Laszlo-Henry, and that she failed to do her job. Mayor Gurulé-Girón added that Councilor Casey had access to City Attorney Laszlo-Henry, as she had the information.

Mayor Gurulé-Girón stated that City Manager Trujillo had asked her not to mention anything because he wanted to address the Council publicly. She stated that they were looking into two vacant positions and added that she never stated that they would not approve contracts.

Mayor Gurulé-Girón stated that personnel would be discussed in Executive Session, that no one had circumvented any policy or any charter and that they were waiting on the impending retirement of the Police Chief. Mayor Gurulé-Girón stated that she thought it was absolutely ridiculous that Council had censured her.

A disagreement took place between the Mayor and a member of the audience.

Councilor Howell made a motion to go into Executive Session to discuss personnel matters, as permitted by Section 10-15-1 (H) (2) of the New Mexico Open Meetings Act, NMSA 1978. Councilor Ulibarri, Jr. seconded the motion. Mayor Gurulé-Girón asked for roll call. Roll Call Vote was taken and reflected the following:

Barbara A. Casey

Yes

David L. Romero

Yes

Vincent Howell

Yes

David A. Ulibarri, Jr.

City Clerk Fresquez re-read the motion and advised that the motion carried.

EXECUTIVE SESSION

Councilor Casey made a motion to reconvene in to Regular Session, and advised that only personnel matters were discussed, no action was taken and no decisions were made. Mayor Gurulé-Girón asked for roll call. Roll Call Vote was taken and reflected the following:

Vincent Howell

Yes

David A. Ulibarri, Jr.

Yes

Barbara A. Casey

Yes

David L. Romero

Yes

City Clerk Fresquez re-read the motion and advised that the motion carried.

Mayor Gurulé-Girón advised that they would be holding a Special meeting on December 28, 2017 at 5:30 p.m. and added that some of the Councilors were not informed of the meeting, consistent with policy. She stated that discussion of contracts of appointment or removal would take place, also the issue of interim appointments and that there may be a need for Executive Session at that time.

ADJOURN

Councilor Howell made a motion to adjourn. Councilor Casey seconded the motion. Mayor Gurulé-Girón asked for roll call. Roll Call Vote was taken and reflected the following:
